

**EXHIBIT A**

**To The Code-Sharing/Blocked Space Agreement  
between Air France and Delta**

**1. Period of Application**

The parties hereby agree to the schedules, seat allotments and prices per seat reflected on Exhibits A-1 through A-7 for the time period specified therein.

**2. Routes and Schedules**

2.1 This Exhibit covers the routes and schedules reflected in the attached Exhibit A-1 through A-7.

2.2 Air France agrees to advise Delta by telex to "ATL RT DL" of any planned schedule changes it may require to make from time to time. Air France shall, subject to commercial and technical feasibility, use reasonable business efforts to advise Delta of such changes at least 60 days prior to the effective date. In cases when aircraft substitutions are made, Air France shall advise Delta at the earliest possible time.

**3. Seat Allotment**

Delta will purchase the number of seats (basic allotment) on the services shown on Exhibits A-1 through A-7. As a deviation from these allotments, the parties may agree that on individual flights Delta may purchase additional seats, thus increasing its allotment or Air France may purchase certain seats back from Delta, thus reducing the Delta allotment.

**4. Prices**

4.1 Delta shall pay to Air France the amount for the seats as specified in Exhibits A-1 through A-7.

4.2 Invoices by Air France to Delta shall be sent to
