Re: Addition of new Routes to the Codeshare Agreement, dated September 15, 1997 by and between American and Iberia (the "Agreement")

Dear James,

According with the provisions included in Annex-B (Codeshared Flights) of the Codeshare Agreement signed between American Airlines and Iberia the 15<sup>th</sup> of September/97, it is Iberia intention to add to the mentioned Annex-B of this agreement the two new routes specified below:

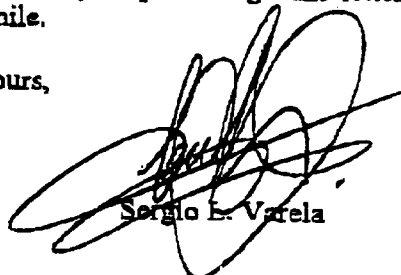

<u>Implementation date</u>	<u>Route</u>	<u>Operating Carrier</u>
October 1, 1998	New York/Kennedy-Dulles/Washington	American
October 1, 1998	Miami - San Juan (*)	American

(\*) Only the days that Iberia doesn't operate the non-stop service between Madrid and San Juan, as a consequence of the Madrid departure times to MIA and to San Juan are 12:00 am and 12:10 am respectively. (Iberia MAD-SJU current operation is 2/7 in low season and 3/7 in high season).

The implementation dates indicated above are target dates subject to change depending on the regulatory consultations with the Spain Civil Aviation and with the U.S. Department of Transportation wherever needed, as well as potential operational constrains.

If the foregoing reflects our understanding on this subject, please sign this letter in the space provided below, returning a copy to us via facsimile.

Sincerely yours,

Sergio E. Varela
