

Aero Honduras Operating History

As a new air carrier which has not yet commenced operations, Aero Honduras has no history of operations.

Aircraft

Aero Honduras anticipates commencing its U.S. operations with wet leased B-727-200 aircraft in passenger configuration.

Maintenance

Since Applicant will be using aircraft wet leased from a U.S.-flag carrier, the maintenance program for the aircraft complies with the provisions of ICAO Pilots and Airmen Annexes 1, 6 (Part I) and 7. Honduras is a contracting State to the Convention on International Civil Aviation (ICAO).

Cooperative Agreements

Apart from the aircraft wet lease agreement and the usual commercial arrangements any airline enters into, Aero Honduras currently has no cooperative agreements. However, it is the intention of the airline to seek interline agreements with established major carriers for the purpose of expanding the markets being offered.
