Subject: RE: SLN EAS proposal

Docket 11376

Ron:

No problem. We will put this and a one-liner extending the deadline in the Docket.

Dennis

Subject: SLN EAS proposal

Dennis,

The order requesting proposals for the Salina, KS market was docketed April 3rd with a response date of April 23rd. Due to a large volume of proposals both EAS and Air 21 we have been unable to adequately prepare this proposal. As a result, Mesa Air Group is formally requesting a one week extension to submit our response. We would request an extension until 5pm EST on April 30th, 2002.

Your consideration is appreciated.

Ron
