Same here -- you haven't changed. No problem. We'll print this out and put a one-liner in the Docket extending the deadline ro May 3 tomorrow.

Dennis:

It was great seeing you again yesterday. Unfortunately being out of the office yesterday has put me behind on certain project. I know this is asking a lot, but would it at all be possible at all to get an extension on filing a Salina proposal until Friday May 3rd?

Thanks in advance for your help!!

Gus
