

56203

UNITED STATES OF AMERICA  
DEPARTMENT OF TRANSPORTATION  
OFFICE OF THE SECRETARY  
WASHINGTON, DC

Issued by the Department of Transportation on May 28, 1999

NOTICE OF ACTION TAKEN -- DOCKET OST-99-5669 - 2

This serves as notice to the public of the action described below, taken by the Department official indicated (no additional confirming order will be issued in this matter).

Application of United Air Lines, Inc. filed 5/7/99 for:

**XX** Allocation of two weekly U.S.-Philippines Route 2 frequencies to provide the following service:

**Scheduled foreign air transportation of property and mail between Los Angeles, CA, and Anchorage, AK, on the one hand, and Manila, the Philippines, on the other, via Osaka, Japan.**

Applicant rep: Jeffrey A. Manley (202) 879-5161 DOT Analyst: Sylvia Moore (202) 366-6519

DISPOSITION

**XX** **Granted** (subject to conditions, see below)

The frequency allocation was effective when taken: May 28, 1999 and will remain in effect, provided that United continues to hold the necessary underlying authority to serve the above market.

Action taken by: **Paul L. Gretch, Director**  
**Office of International Aviation**

**XX** **The authority granted is consistent with the aviation agreements between the United States and the Philippines, and the United States and Japan.**

Except to the extent exempted or waived, this authority is subject to the terms, conditions, and limitations indicated: **XX** **Holder's certificate of public convenience and necessity**

**Conditions:** Consistent with our standard practice, the frequency allocation granted is subject to the condition that it will expire automatically and the frequencies will revert to the Department for reallocation if they are not used for a period of 90 days. The **90-day** dormancy period will begin July 1, 1999, for the first frequency, and September 7, 1999, for the second frequency (the dates on which United proposes to commence services), or the dates on which United actually begins service with these frequencies, whichever occurs earlier.

(See Reverse Side)

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) immediate action was required and was consistent with Department policy; and (2) grant of the authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within ten (10) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.
