Mr. Dennis DeVany, Division Chief
Essential Air Services Division
United States Department of Transportation
400 Seventh Street SW
Washington, DC 20590

Dear Mr. DeVany:

I am writing to let you know that our company, clientele and community would be 110 percent behind adding air service to Kansas City from Kearney, Ne.

We truly believe this would be very beneficial to our community. Our office has had many inquiries from clientele that would like to travel east without having to go through Denver first. By adding another option to our existing air service our office feels this would put us in a stronger position to be successful in our community.

AAA Travel would like to thank you for considering this proposal. This would be a great asset to our community.

Sincerely,

Deb Wirth
Office Manager
