To: Dockets Operations and Media Management, M-30

On March 1 we granted an extension until March 15, 2003, to SkyWest Airlines to submit a proposal to provide essential air service to Crescent City, California. On March 15, 2004, the carrier requested a further extension, due to its need to coordinate with city officials and code-share partners. We are hereby granting all parties an additional extension, to April 16, 2004, to file comments. We anticipate denying any further requests for extension.
