Dear Mr. Devaney,

Gasbarre Products, Inc. employs 150 people in 5 manufacturing plants in North Central Pennsylvania. 40% of the machinery we manufacture is shipped throughout the United States and 20% is shipped internationally. As such, a reliable commercial air service at the DuBois-Jefferson County Airport is essential for our customers, our sales people and our service people.

We strongly support the Mesa Air Group (Air Midwest) proposal and the Clearfield-Jefferson Counties Regional Airport Authority recommendations for essential air service at the DuBois-Jefferson County Airport.

Sincerely,

Thomas G. Gasbarre
CEO
