Dear Mr Devany and Mr Dietrich,

the Grant County Commission (in Southwestern NM) just made a recommendation to your organization in favor of Great Lakes Aviation, to take over service provision at our county airport.

There is a fairly large community uproar over this now, and I'm writing to ask you to grant us a 10-day extension on this, so that we can properly process this decision with our Commission. The community is very upset, feeling that the Commission did not perhaps fully understand the ramifications of choosing a company that has yet to offer us any commitments to flight times, destination choices, ticket prices, or bulk-ticketing options.

We the citizens (and especially agency employees like me who use our airport on a regular basis) are the most impacted by this decision, and we just want to make sure that we've thoroughly examined this issue before deciding. Please allow us some time to do this.

Thank you for your consideration of this matter.
