Re: Prescott, Arizona Airline Service

Dear Mr. DeVany:

I am writing to express my extreme concern about awarding Great Lakes Aviation rights to fly in to and out of Prescott Airport.

Mesa Airlines along with America West Airlines have been providing excellent service to this airport for many, many years.

Their schedules are very efficient and the ability to check in and go through security at the Prescott Airport is fantastic.

It would be absolutely crazy to change service.

I am a businessman and I travel in and out of Prescott at least twice per month. The system works please don't let it change.

All of the commuters I have spoken with feel the same way.

Please give this issue your highest attention and please listen to the Prescott, Arizona community of travelers from the Prescott Terminal.

Sincerely,
