

RE: Colgan Air Inc. proposals for commuter air service from Johnstown to
Pittsburg or from Johnstown to Washington DC.

I, and my extended family frequently DRIVE to BWI or DC airports rather than
drive or
fly commute" to connect out of Pittsburg. There are many more flight options
out of the DC BWI region and rates and packages are ALWAYS less costly. We
also have frequently experienced luggage problems out of Pittsburg that have
NEVER occurred from BWI or DC. We all and our business supports commuter
flights EAST from Johnstown.
