Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) the applicant was qualified to perform the proposed operations; (2) immediate action was required and was consistent with Department policy; (3) grant of the authority was consistent with the public interest; and (4) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted/deferred/dismissed, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.
