

UNITED STATES OF AMERICA  
DEPARTMENT OF TRANSPORTATION  
OFFICE OF THE SECRETARY  
WASHINGTON, DC

Issued by the Department of Transportation on May 12, 2006

**NOTICE OF ACTION TAKEN -- DOCKET OST-2002-12198**

This serves as notice to the public of the action described below, taken by the Department official indicated (no additional confirming order will be issued in this matter).

Application of **AIR WISCONSIN AIRLINES CORPORATION (AWAC)** filed 5/12/06 for:

**XX** Renewal of exemption for two years under 49 U.S.C. 40109 to provide the following service:

**Scheduled foreign air transportation of persons, property and mail between any point or points in the United States and any point or points in Canada with large aircraft.**

Applicant rep: **Jonathan B. Hill (202) 776-2725** DOT Analyst: **Thuy H. Cooper (202) 366-5423**

**DISPOSITION**

**XX** **Granted in part** (subject to conditions, see below)

**XX** **Deferred in part**

**XX** **Dismissed in part (request for renewal of exemption authority)<sup>1</sup>**

The above action was effective when taken: **May 12, 2006**, through **May 31, 2006**.

**Action taken by: Paul L. Gretch, Director**  
**Office of International Aviation**

**XX** **The authority granted is consistent with the aviation agreement between the United States and Canada.**

Except to the extent exempted or waived, this authority is subject to the terms, conditions, and limitations indicated:

**XX** **Holder's certificates of public convenience and necessity**

**XX** **Standard exemption conditions (attached)**

**XX** **Statement of Authorization approving Air Wisconsin/Air Canada code-share operations dated April 16, 2002 (Docket OST-2002-12050)<sup>2</sup>**

**Remarks:** Due to the emergency nature of the application (*see* footnote 1), we granted this authority for a short term (*i.e.*, through May 31, 2006), and deferred action on the remainder of the request pending the receipt of answers.

<sup>1</sup> We are dismissing the applicant's request for renewal of exemption authority as the authority expired on May 11, 2006 and the renewal application was not timely filed under the terms of 14 CFR 377.10(c).

<sup>2</sup> We deem the authority granted in the Department's April 16, 2002, statement of authorization also to encompass the operations described in the instant application.

On the basis of data officially noticeable under Rule 24(g) of the Department's regulations, we found the applicant qualified to provide the services authorized.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with Department policy; (2) grant of the exemption authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within seven (7) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.

### **U.S. Carrier Exemption Conditions**

In the conduct of the operations authorized, the U.S. carrier applicant(s) shall:

- (1) Hold at all times effective operating authority from the government of each country served;
- (2) Comply with applicable requirements concerning oversales contained in 14 CFR 250 (for scheduled operations, if authorized);
- (3) Comply with the requirements for reporting data contained in 14 CFR 241;
- (4) Comply with requirements for minimum insurance coverage, and for certifying that coverage to the Department, contained in 14 CFR 205;
- (5) Except as specifically exempted or otherwise provided for in a Department Order, comply with the requirements of 14 CFR 203, concerning waiver of Warsaw Convention liability limits and defenses;
- (6) Comply with all applicable requirements of the Federal Aviation Administration and with all applicable U.S. Government requirements concerning security, including, but not limited to, 49 CFR Part 1544. To assure compliance with all applicable U.S. Government requirements concerning security, the holder shall, before commencing any new service (including charter flights) to or from a foreign airport, contact its International Principal Security Inspector (IPSI) to advise the IPSI of its plans and to find out whether the Transportation Security Administration has determined that security is adequate to allow such airport(s) to be served; and
- (7) Comply with such other reasonable terms, conditions, and limitations required by the public interest as may be prescribed by the Department of Transportation, with all applicable orders and regulations of other U.S. agencies and courts, and with all applicable laws of the United States.

The authority granted shall be effective only during the period when the holder is in compliance with the conditions imposed above.
