XX Renewal for two years of exemption under 49 U.S.C. 40109 to provide the following service:

American states that it has been providing seasonal service in the market, but will cease service on the route after its last scheduled flight on December 29, 2007. The above action was effective when taken: October 22, 2007, through January 5, 2008.

**Action taken by: Paul L. Gretch, Director
Office of International Aviation**

XX **The authority granted is consistent with the aviation agreement between the United States and Mexico.**

Except to the extent exempted or waived, this authority is subject to the terms, conditions, and limitations indicated:

XX The holder's certificates of public convenience and necessity

XX Standard exemption conditions (attached)

Conditions: The U.S.-Mexico exemption authority granted is subject to the dormancy notice requirements set forth in condition 7 of Appendix A of Order 88-10-2, and the notice requirements for seasonal/intermittent services as set forth in Order 96-11-24, at 5. In this regard, American has already provided notice that it will soon cease services in this market (see above).

- see next page -

¹ American's existing authority in this market is scheduled to expire December 12, 2007 (see Notice of Action Taken issued December 12, 2005).

On the basis of data officially noticeable under Rule 24(g) of the Department's regulations, we found the applicant qualified to provide the exemption services authorized.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with Department policy; (2) grant of the authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within seven (7) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.
