DISPOSITION

Action: Approved.

Action date: February 29, 2008

Effective dates of authority granted: February 29, 2008, through March 1, 2009.

Basis for approval (bilateral agreement/reciprocity): United States-Mexico Air Transport Services Agreement.

Except to the extent exempted/waived, this authority is subject to the terms, conditions, and limitations of our standard exemption and codeshare conditions (attached), and to the otherwise applicable terms, conditions, and limitations of Aeromexico's foreign air carrier permit (Order 91-5-25).

Special conditions/Remarks: The exemption authority granted to Aeromexico is limited to operations conducted only on a code-share basis with Delta, on flights operated by Delta.

Action taken by: Paul L. Gretch, Director Office of International Aviation

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with Department policy; (2) the applicant was qualified to perform its proposed operations; (3) grant of the authority was consistent with the public interest; and (4) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted/deferred/dismissed, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within seven (7) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.

¹ Our February 1, 2007 action also awarded Aeromexico authority to serve the Cincinnati-San Jose del Cabo, New York/Newark-Cozumel, and Washington, D.C.-Cancun markets pursuant to its code-share arrangement with Delta. Aeromexico is not seeking to renew its authority to serve those routes in this application.

Foreign Carrier Exemption Conditions

To assure compliance with all applicable U.S. Government requirements concerning security, the holder shall, before commencing any new service (including charter flights) from a foreign airport that would be the holder's last point of departure for the United States, contact its International Industry Representative (IIR) (formerly referred to as International Principal Security Inspector) to advise the IIR of its plans and to find out whether the Transportation Security Administration has determined that security is adequate to allow such airport(s) to be served;
- (3) Comply with the requirements for minimum insurance coverage contained in 14 CFR Part 205, and, prior to the commencement of any operations under this authority, file evidence of such coverage, in the form of a completed OST Form 6411, with the Federal Aviation Administration's Program Management Branch (AFS-260), Flight Standards Service (any changes to, or termination of, insurance also shall be filed with that office);

- (7) Agree that operations under this authority constitute a waiver of sovereign immunity, for the purposes of 28 U.S.C. 1605(a), but only with respect to those actions or proceedings instituted against it in any court or other tribunal in the United States that are: (a) based on its operations in international air transportation that, according to the contract of carriage, include a point in the United States as a point of origin, point of destination, or agreed stopping place, or for which the contract of carriage was purchased in the United States; or (b) based on a claim under any international agreement or treaty cognizable in any court or other tribunal of the United States. In this condition, the term "international air transportation" means "international transportation" as defined by the Warsaw Convention, except that all States shall be considered to be High Contracting Parties for the purpose of this definition;
- (8) Except as specifically authorized by the Department, originate or terminate all flights to/from the United States in its homeland;
- (9) Comply with the requirements of 14 CFR Part 217, concerning the reporting of scheduled, nonscheduled, and charter data;
