Dear Dennis:

I just wanted to take a minute to thank you for your efforts in the ordeal with Big Sky Airlines and speedy turn around process with USDOT in the EAS proposal, bidding and award of new EAS contract to Cape Air.

Cape Air is a refreshing change from the status quo that we have dealt with for the past several years. So far, they are totally committed to community involvement and have dealt with the Town in a professional manner.

In this world of fast paced events, I don't think that we always take the time to thank those who help us achieve satisfactory results. Just wanted to let you know that those of us who live in rural America appreciate the efforts of you and your colleagues.

Thankyou

Sincerely:

Larry L. Miller
