Served: March 20, 2008

Application of

GADAIR EUROPEAN AIRLINES, S.L.

for exemptions under 49 U.S.C. §40109 and a foreign air
carrier permit under 49 U.S.C. §41301

Docket DOT-OST-2008-0065

ORDER GRANTING EXEMPTION AND TO SHOW CAUSE

Summary

By this order we (1) grant the application of the referenced foreign air carrier for exemptions under 49 U.S.C. §40109, subject to conditions;¹ and (2) tentatively find that it is in the public interest to grant the applicant the foreign air carrier permit attached as Appendix B to this order.

Background

By Notice dated May 3, 2007, we invited foreign air carriers of the European Union (EU) to apply for Department economic authority to conduct operations to and from the United States under the recently-signed U.S.-EU Air Transport Agreement. In that Notice, we stated that we anticipated handling these EU carrier requests on an expedited basis to ensure that affected EU carriers may receive the authority available to them under the new Agreement as quickly as possible. To that end, we stated our intent to process requests for this authority under the “streamlining” procedures set out in our August 23, 2005 Notice in Docket DOT-OST-2005-22228, in which we announced several steps designed to simplify our regulatory procedures for licensing foreign (and U.S.) air carriers. Our action in this Order serves to implement those streamlined regulatory procedures for the application involved in this proceeding.

¹ The conditions are attached as Appendix A.

Application

By application filed February 15, 2008, Gadair European Airlines, S.L. (Gadair), a foreign air carrier of Spain, requests an exemption under 49 U.S.C. §40109, and a foreign air carrier permit under 49 U.S.C. §41301, to engage in:

- a. charter foreign air transportation of persons, property, and mail between any point or points in Spain and any point or points in the United States;
- b. foreign scheduled and charter air transportation of persons, property, and mail from any point or points behind any Member State of the European Union, via any point or points in any Member State and via intermediate points to any point or points in the United States and beyond, effective March 30, 2008;
- c. foreign scheduled and charter air transportation of persons, property, and mail between any point or points in the United States and any point or points in any Member of the European Common Aviation Area, effective March 30, 2008; and
- d. other charters in accordance with Part 212 of the Department's regulations.

The applicant requests that the exemption authority it seeks be granted for a term of two years. The applicant provided evidentiary materials required by 14 CFR Part 211 of our regulations to support its requests for authority.

No answers were filed to the application.

Decision

We have decided, consistent with our August 23, 2005 Notice referenced above, to grant the applicant's request for exemption authority, as described below and subject to conditions, and tentatively to grant, subject to show-cause procedures, its request for a foreign air carrier permit, also subject to conditions.

Specifically, we will grant Gadair exemption authority to the extent necessary to permit it immediately to operate the charter services it has requested in paragraphs (a) and (d) above. We find that reciprocity and our overall state of aviation relations with Spain support grant of this authority.

We will also grant Gadair exemption authority, consistent with the U.S.-EU Agreement (1) immediately to accept payments, issue tickets, and enter into charter contracts, and (2) effective March 30, 2008 (the date for provisional application of the U.S.-EU Agreement), to commence flight operations, for the services set forth in paragraphs (b) and (c) above.² We will

² Our action allowing Gadair to accept payments, issue tickets, and enter into charter contracts now, in anticipation of the effective date of the U.S.-EU Agreement, will place the carrier on an equal footing with U.S. carriers holding

tentatively grant Gadair a foreign air carrier permit for the services covered by the U.S.-EU Agreement (set forth in paragraphs (b), (c), and (d) above), as discussed below.³

With respect to the applicant's request for exemption authority, we find that grant of this authority, to the extent set forth herein, is consistent with the public interest. We also find that the applicant is financially and operationally qualified to perform the services authorized,⁴ and that it is substantially owned and effectively controlled by citizens of its homeland.⁵

Further, we note that the applicant is properly licensed by its homeland to perform the proposed services. In addition, by memorandum dated March 7, 2008, the Federal Aviation Administration advised us that it knew of no reason why we should act unfavorably on the applicant's requests. We have verified the applicant's compliance with 14 CFR Parts 203 (Warsaw liability waiver), and 205 (insurance requirements).

In view of the above, we find that grant of the requested exemption authority, as conditioned, for a two-year term, or until the requested permit authority becomes effective, whichever occurs earlier, is warranted.

Tentative Findings and Conclusions--Foreign Air Carrier Permit Application

We tentatively find and conclude that the public interest warrants granting the applicant a foreign air carrier permit, in the form attached as Appendix B and subject to the conditions attached.⁶ In particular, we tentatively find and conclude that the factors which support our grant of exemption authority to the applicant, as discussed above, also warrant granting the applicant the foreign air carrier permit it seeks.

In view of the foregoing and all facts of record, we tentatively find and conclude that:

1. It is in the public interest to issue the applicant a foreign air carrier permit in the form attached;

blanket Open Skies authority, which we have allowed to accept payments and issue tickets for services to points in the European Union. *See* Notice dated May 1, 2007, "In the Matter of Blanket Open-Skies Certificate Authority." *See also* Orders 2007-6-19 and 2007-7-13, where we granted this authority to British Airways Plc. and Virgin Atlantic Airways Ltd., respectively.

³ Gadair also requested a foreign air carrier permit to engage in its proposed Spain-U.S. charter services. These operations are encompassed in the foreign air carrier permit we are tentatively granting it for services covered in the U.S.-EU Agreement.

⁴ The applicant has requested confidential treatment of its financial submissions, under the provisions of 14 CFR §302.12. Good cause having been shown, we will grant this request.

⁵ Gadair states that more than 88% of its stock is owned by citizens of Spain. Gadair further states that its Chairman, all members of its Board of Directors, and all but one of its key management personnel are citizens of Spain.

⁶ The applicant's request for a foreign air carrier permit was summarized in the Department's published weekly list of applications filed. This notice described the authority sought and gave interested persons an opportunity to submit evidence and objections to the award of this foreign air carrier permit authority.

2. The applicant is fit, willing and able properly to perform the foreign air transportation described in the attached permit and to conform to the provisions of Title 49 of the U.S. Code, and to our rules, regulations, and requirements;
3. The applicant is substantially owned and effectively controlled by citizens of its claimed homeland;
4. The public interest requires that the exercise of the privileges granted by the permit should be subject to the terms, conditions, and limitations contained in the attached permit, and to such other reasonable terms, conditions, and limitations required by the public interest as we may prescribe;
5. The issuance of this foreign air carrier permit will not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975, as defined in 14 CFR §313.4(a)(1) of our regulations;⁷
6. The public interest does not require an oral evidentiary hearing on the application; and
7. Our action with respect to this foreign air carrier permit should, unless disapproved by the President of the United States under §41307 of Title 49 of the U.S. Code, become effective on the 61st day after its submission for §41307 review, or upon the date of receipt of advice from the President or his designee under Executive Order 12597 and implementing regulations that he or she does not intend to disapprove this portion of the Department's decision under that section, whichever occurs earlier, but shall in no event become effective earlier than March 30, 2008 (the date for provisional application of the U.S.-EU Agreement).

In view of the above, we find that, with respect to the exemption authority we are conferring on the applicant, the applicant is qualified to perform those operations, and that grant of the exemption authority is consistent with the public interest and would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975.

ACCORDINGLY,

1. We grant the request of Gadair European Airlines, S.L. for an exemption under 49 U.S.C. §40109 to permit it immediately to conduct charter foreign air transportation of persons, property, and mail between any point or points in Spain and any point or points in the United States, and to conduct other charters pursuant to the prior approval requirements set forth in 14 CFR Part 212 of the Department's regulations;
2. We grant the request of Gadair European Airlines, S.L. for an exemption under 49 U.S.C. §40109 to permit it (1) effective on the issue date of this order, to accept payments, issue tickets, and enter into charter contracts, and (2) effective March 30, 2008, to commence flight operations, for the services set forth below:

⁷ This finding is based on the fact that the grant of this permit will not result in a near-term net annual change in aircraft fuel consumption of 10 million gallons or more.

- a. foreign scheduled and charter air transportation of persons, property, and mail from any point or points behind any Member State of the European Union, via any point or points in any Member State and via intermediate points to any point or points in the United States and beyond;
 - b. foreign scheduled and charter air transportation of persons, property, and mail between any point or points in the United States and any point or points in any member of the European Common Aviation Area; and
 - c. other charters pursuant to the prior approval requirements set forth in 14 CFR Part 212 of the Department's regulations.
3. The exercise of the privileges granted above is subject to compliance by Gadair European Airlines, S.L. with the conditions listed in Appendix A;
 4. Our action granting the exemption authority described herein, subject to the provisions of ordering paragraphs 1 and 2 above, is effective immediately, for a period of two years from the issue date of this order, or until the attached permit becomes effective, whichever is earlier;
 5. We grant the motion of Gadair European Airlines, S.L. for confidential treatment of its financial submissions;
 6. We may amend, modify, or revoke the exemption authority set forth herein at our discretion at any time and without hearing;
 7. To the extent not acted upon above, we dismiss all requests for exemption authority in this docket (DOT-OST-2008-0065);
 8. With respect to the applicant's request for a foreign air carrier permit in this proceeding, we direct all interested persons to show cause why our tentative decision on that application, set forth above, should not be made final;
 9. Any interested person objecting to the issuance of an order making final our tentative findings and conclusions with respect to the applicant's request for a foreign air carrier permit shall, no later than twenty-one (21) calendar days after the date of service of this order, file with the Department and serve on the parties to this proceeding, a statement of objections specifying the part or parts of the tentative findings and conclusions objected to, together with a summary of testimony, statistical data, and concrete evidence to be relied upon in support of the objections; if objections are filed, answers to objections are due no later than seven (7) calendar days thereafter;
 10. If timely and properly supported objections are filed, we will give further consideration to the matters and issues raised by the objections before we take further action;

11. In the event no objections are filed, all further procedural steps shall be deemed waived, and the Department will enter an order which will (subject to Presidential review under §41307 of Title 49 of the U.S. Code) make final our tentative findings and conclusions set forth in this order; and

12. We will serve a copy of this order on Gadair European Airlines, S.L., the Embassy of the Spain in Washington, D.C., the Department of State, and the Federal Aviation Administration.

Foreign Air Carrier Exemption Conditions

Appendix A

In the conduct of the operations authorized, the foreign carrier applicant shall:

- (1) Not conduct any operations unless it holds a currently effective authorization from its homeland for such operations, and it has filed a copy of such authorization with the Department;
- (2) Comply with all applicable requirements of the Federal Aviation Administration, the Transportation Security Administration, and with all applicable U.S. Government requirements concerning security, including, but not limited to, 14 CFR Parts 129, 91, and 36 and 49 CFR Part 1546 or 1550, as applicable. To assure compliance with all applicable U.S. Government requirements concerning security, the holder shall, before commencing any new service (including charter flights) from a foreign airport that would be the holder's last point of departure for the United States, contact its International Industry Representative (IIR) (formerly referred to as International Principal Security Inspector) to advise the IIR of its plans and to find out whether the Transportation Security Administration has determined that security is adequate to allow such airport(s) to be served;
- (3) Comply with the requirements for minimum insurance coverage contained in 14 CFR Part 205, and, prior to the commencement of any operations under this authority, file evidence of such coverage, in the form of a completed OST Form 6411, with the Federal Aviation Administration's Program Management Branch (AFS-260), Flight Standards Service (any changes to, or termination of, insurance also shall be filed with that office);
- (4) Not operate aircraft under this authority unless it complies with operational safety requirements at least equivalent to Annex 6 of the Chicago Convention;
- (5) Conform to the airworthiness and airman competency requirements of its Government for international air services;
- (6) Except as specifically exempted or otherwise provided for in a Department Order, comply with the requirements of 14 CFR Part 203, concerning waiver of Warsaw Convention liability limits and defenses;
- (7) Agree that operations under this authority constitute a waiver of sovereign immunity, for the purposes of 28 U.S.C. 1605(a), but only with respect to those actions or proceedings instituted against it in any court or other tribunal in the United States that are: (a) based on its operations in international air transportation that, according to the contract of carriage, include a point in the United States as a point of origin, point of destination, or agreed stopping place, or for which the contract of carriage was purchased in the United States; or (b) based on a claim under any international agreement or treaty cognizable in any court or other tribunal of the United States. In this condition, the term "international air transportation" means "international transportation" as defined by the Warsaw Convention, except that all States shall be considered to be High Contracting Parties for the purpose of this definition;
- (8) Except as specifically authorized by the Department, originate or terminate all flights to/from the United States in a Member State of the European Union;
- (9) Comply with the requirements of 14 CFR Part 217, concerning the reporting of scheduled, nonscheduled, and charter data;
- (10) If charter operations are authorized, except as otherwise provided in the applicable aviation agreement, comply with the Department's rules governing charters (including 14 CFR Parts 212 and 380); and
- (11) Comply with such other reasonable terms, conditions, and limitations required by the public interest as may be prescribed by the Department, with all applicable orders or regulations of other U.S. agencies and courts, and with all applicable laws of the United States.

This authority shall not be effective during any period when the holder is not in compliance with the conditions imposed above. Moreover, this authority cannot be sold or otherwise transferred without explicit Department approval under Title 49 of the U.S. Code.

PERMIT TO FOREIGN AIR CARRIER

GADAIR EUROPEAN AIRLINES, S.L.

A Foreign Air Carrier of Spain

is authorized, subject to the following provisions, the provisions of Title 49 of the U.S. Code, and the orders, rules, and regulations of the Department of Transportation, to engage in:

Foreign scheduled and charter air transportation of persons, property, and mail from any point or points behind any Member State of the European Union, via any point or points in any Member State and via intermediate points to any point or points in the United States and beyond;

Foreign scheduled and charter air transportation of persons, property, and mail between any point or points in the United States and any point or points in any member of the European Common Aviation Area; and

Other charters pursuant to the prior approval requirements set forth in the Department's regulations governing charters.

This permit and the exercise of the privileges granted in it shall be subject to the terms, conditions and limitations in both the order issuing this permit and the attachment to this order, and to all applicable provisions of any treaty, convention or agreement affecting international air transportation now in effect, or that may become effective during the period this permit remains in effect, to which the United States and the holder's homeland are or shall become parties.

This permit shall be effective on . Unless otherwise terminated at an earlier date pursuant to the terms of any applicable treaty, convention or agreement, this permit shall terminate (1) upon the dissolution or liquidation of the holder to whom it was issued; (2) upon the effective date of any treaty, convention, or agreement or amendment, which shall have the effect of eliminating the right for the service authorized by this permit from the service which may be operated by airlines of the European Community and its Member States (or, if the right is partially eliminated, then the authority of this permit shall terminate in like part); or (3) upon the termination or expiration of the applicable air services agreement between the United States and the European Community and its Member States. However, clause (3) of this paragraph shall not apply if prior to such termination or expiration, the foreign air transportation authorized

herein becomes the subject of another treaty, convention or agreement to which the United States and the European Community and its Member States become parties.
