MEMORANDUM

 RE: SKYWEST SERVICE TO CEC

On behalf of the City of Crescent City, I wish to inform you that we have been and look forward to continue enjoying our relationship with Skywest Airlines. They provide an essential service to our community, both residents and businesses. The City appreciates DOT's subsidy program that allows Skywest to serve Crescent City, and Del Norte and Curry Counties. Without DOT's support, we would not enjoy the service we are receiving.

Our only concerns center on improving service. What can we do to encourage Skywest to:

1. Add one outbound flight with a morning departure and one inbound flight with an evening return to the SAC service;
2. Offer service to Portland, Oregon;
3. Provide better flight times to SFO with an earlier morning departure and a later evening return.

I look forward to meeting you whenever you visit Crescent City. Again, thank you for your assistance and service to our community.
